

**AL-NEHMAT  
ENGINEERING**

Leading, Innovating & Reliable

### Our Projects

Operating since 2017, We at Al-Nehmat strive to provide best possible services to hospitals and aid them in their day to day operations. Our services range from delivery of medical gases such as **Oxygen, Nitrous Oxide, Carbon Dioxide, Compressed air** and other relative gases upon hospital's demand. We also provide hospitals with a tested and tried analgesic in the form of **Entonox** with is proven to have least amount of side effects and minimizes the chances of any adverse reactions. For compromised lungs and related lung diseases we provide aid in the form of **Oxygen Concentrators**. In the industrial arena we provide gases such as, **DA (used for welding), Argon, Hydrogen, Helium** and other mixed gases. We are also leading providers of **LPG Domestic Gas** for both residential and industrial use. Alongside we provide **Iron, Copper and Steel welding rods** for interested buyers. Our services also cover laying Copper Piping, Medical Communication Systems, Audio/Video Conferencing equipment and Surveillance solutions as per client's requirements.

### Our Vision

Al-Nehmat Engineering aims to the **leading industrial gas distributor** and be on the forefront of providing hospitals with supporting equipment and services. It is our most **intimate and deepest desire** to be admired and recognized for our self-sacrificial services in hope for a better tomorrow. We aim to be the **heart, soul and face** of an industry that cares to make a positive impact and to change for good all those who come into contact with us and **our mission to make a difference**. To shape a better tomorrow and leave a mark, we are always on the outlook for **struggling business** in the pursuit to aid them through our **consultancy services** and to pass down the torch to the new and upcoming with our experience.

### Our Mission

Our mission is to **consistently improve** and get better at what we do. We at Al-Nehmat believe in consistent **dedication and high moral and operating standards**. Aiming for the best possible there is and nothing short of perfection will do, is our motto. Leaders in what we do and staying afloat amid competition is our basic instinct. With all these goals it is safe to assume we won't be here or achieve our goals with anything short of **customer satisfaction**, since, the customer always comes first. We are also evolving with the wildly progressing world and **hold paramount community guidelines** and standard operating procedures. As a responsible organization we consider it our obligation to be **conscious of the environment** and employ procedures that are deemed safe for it in sourcing our materials.

## Our Products

Medical Oxygen

Gas Outlets

Central Oxygen Pipeline

Entonox

Oxygen Concentrator

Industrial Gases

Bed Head Unit

Medical Waste Incinerator

Dental Chair

Cotton Gauze & Roll

Surgical Bed

Complete ICU Unit

Panasonic Projector

General Order Supplies

Food Supplies

Himalayan Salt/  
Pink Salt

Export Quality Rice
